Christian History Made Easy (Rose Bible Basics)

46. Chapter 2 Learning Activity (Review Quiz)

This is a ten-question fill-in-the-blank quiz reviewing Chapter 2. It is a study exercise, not new teaching, so it only points back to ideas already covered.

Key takeaways

- In the late first century, overseers and elders were the same position; Gnostics taught that everything physical was evil.
- The church answered Gnosticism with a canon, a creed (the Rule of Faith, now the Apostles' Creed), and overseers; Marcion had made the first list of authoritative writings.
- Rome's overseer gained power because Rome was an important city and two apostles died there; Victor cut off eastern Christians over dating Easter (they kept it at Passover).
