God is My Source

3. Our Source of Supply

A short devotional built around a handful of verses. Its single point: God, not the earth or the economy, is where everything we need comes from.

Key takeaways

- A 'source' is the point of origin — trace every provision back to God.
- God supplies all your needs from His riches, not from earthly conditions.
- Every good gift comes down from an unchanging Father; we receive from heaven's economy, not earth's.
