6. The Blessing Makes Us Rich

A short devotional chapter built from a chain of Scripture verses. Its point is simple: God's blessing is what makes a person truly rich, and it comes without added sorrow. It urges the reader to ask God boldly for what they need.

Key takeaways

- The Lord's blessing brings wealth and adds no grief with it.
- To bless means 'to empower to prosper' — God gave humanity this from the start (Genesis 1).
- God, not our own effort, gives the power to gain wealth; ask Him boldly and keep asking.
