10. Our Inheritance In Christ

A short devotional collecting Scriptures on the believer's inheritance. Because we are born again into God's family, we are His heirs and joint heirs with Christ, entitled to the full scope of His provision.

Key takeaways

- As adopted sons, we receive the full rights of children and are made heirs of God (Gal. 4:4-7).
- We are joint heirs with Christ; since Jesus is heir of all things, we share in all of it (Rom. 8:17; Heb. 1:1-2).
- God has qualified us to share this inheritance — His full provision for every need.
