11. Seek God First

A short devotional built on Jesus' teaching about worry. It gathers scriptures on trusting God for your needs and pairs them with a testimony of getting saved after going broke.

Key takeaways

- Don't worry about food, drink, or clothing—God feeds the birds and clothes the flowers, and values you far more.
- Put God's kingdom and righteousness first, and He supplies everything you need.
- Pursuing righteousness leads to life; delighting in God gives you the desires of your heart.
- Gloria Copeland's story: broke and jobless, Matthew 6 convinced her God cared for her—she was born again, and provision followed.

Passages worth keeping

> *"Seek first the kingdom of God and His righteousness, and all these things shall be added to you."*
