God is My Source

12. Blessed to Bless

A themed collection of verses and short quotes on generosity. The point is simple: God blesses you so you can bless others. Giving is the purpose of having.

Key takeaways

- You are blessed in order to be a blessing—accumulate to distribute.
- The righteous give generously and are refreshed and provided for in return.
- Give cheerfully and freely, not under pressure; God supplies what you need plus extra to share.
- Ask God whom or what to sow into, and keep a log of His provision to build your faith.

Passages worth keeping

> *"My motivation for accumulation is distribution."*

Sums up the whole chapter's attitude toward money.
