

Cooke, TonyMiracles and the Supernatural Throughout Church History

5. Epigraph: Voices on the Spirit and Church History

This is an epigraph page, not a chapter. Three quotes (Lawson, Tozer, Spurgeon) set up the book's theme: the Holy Spirit's power has worked continuously through church history, and the same Christ who acted at Pentecost still acts today.

Key takeaways

- No great work happens except by the Holy Spirit's power.
- The gifts of the Spirit have never fully disappeared — an unbroken chain runs through church history.
- Christ is unchanging, so a greater outpouring than the past is possible.
