Spurgeon, Charles
The Practice of Powerful and Effective Prayer

15. Study Guide: Reflection Questions on Prayer

This is the book's study guide, not a chapter of teaching. It lists four discussion questions for each of the ten chapters on prayer, keyed to a Scripture text and drawn from Spurgeon's teaching. The questions push the reader to apply each chapter to their own prayer life.

Key takeaways

- Its purpose is reflection and application, not new content — use it after reading each chapter.
- Recurring themes across the questions: real faith vs. presumption, abiding in Christ, boldness at the throne of grace, thanksgiving, and constant communion with God.
- Each set ties a practical habit to the chapter's key verse.
